## WELCOME

Now in its 22nd year, the Toorak Village Sculpture Exhibition remains one of the most rewarding experiences of my 40-year curatorial career. It has been a privilege to showcase the work of both established and emerging sculptors, and I hope their participation has helped support and shape their artistic journeys.

First held in 2002, thanks to the vision of Ken Scarlett OAM and Xenia Holt, the exhibition has become a cherished part of Victoria's arts calendar. I extend my sincere thanks to the many artists, judges, and local businesses who continue to make this event possible. The growing permanent outdoor collection is a testament to the strong support and appreciation for sculpture within this vibrant shopping precinct.

Special thanks to Orchard Piper for their generous sponsorship, to this year's judge Caroline Field, and to Tracey Cammock, Toorak Village Marketing Coordinator, whose dedication ensures the continued success of the exhibition each year.

We invite you to explore and enjoy the exhibition and to support the local businesses who welcome your visit.
